Curing body, the way mind desires...

KalariChikilsa, one of the oldest martial art forms in the world, is originated in Kerala and refined over 2000 years of practice and it is worshiped by the patrons of warfare for its time less legacy.

It is believed that Lord Parasurama was established 108 Kalaries, the training centers across Kerala for his disciples to teach them Kalaripayattu, the martial art which is deep rooted in Dhanurveda, an ancient science of warfare.

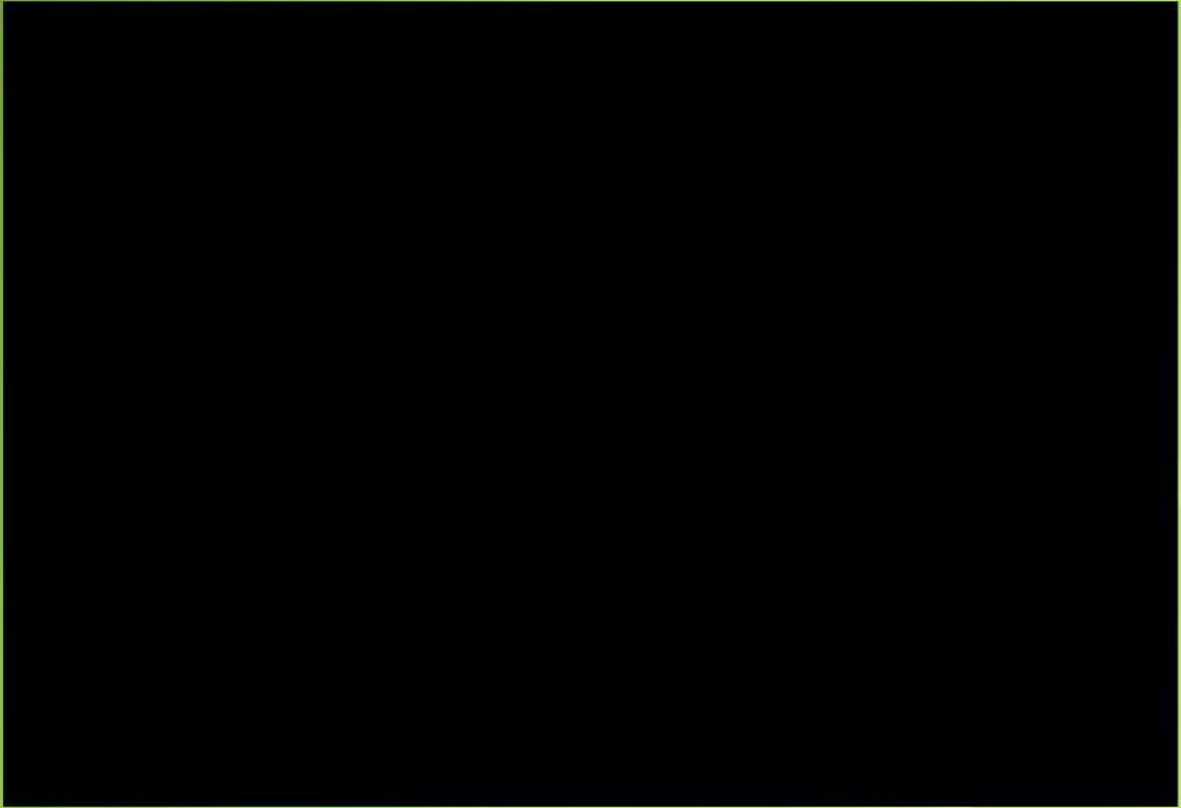

The master of Kalari known as Gurukkal is responsible for creating the self - disciplined disciples through teaching and training. The Gurukkal undergoes special training in meditation, manthras and Kalari system of medicine which is practiced and used in Kalari chikilsa for curing ailments.

The system of Kalarichikilsa is based on Marmas, the vital spots in the human body, specializing in the treatments of orthopaedic disorders, sports injuries, spondylosis, arthritis, inborn imperfection of human body and neuro muscular problems like back pain.

The medicines used in the treatment are herbal and natural and therefore the body will not be subjected to any toxic effects. The time tested efficacy and utility of Kalari treatment system is well known and well accepted by the general public. The secret of Kalarichikilsa lies in its approach to diagnose and treat the root cause of the diseases afflicting mankind.

Kalari treatment

Uzhichil is a treatment that thrives on applying systematic pressure on the muscles according to their structure. This oil massage rejuvenates the nervous and circulatory system, stimulates blood circulation and it enhances the general fitness of the body. The Uzichil is of two types – one with the hands ie, Kaiuzhichil for children and the aged and the other for young and healthy persons which is known as Chavuttiuzhichil, the massage with legs. The oil is used for Uzhichil depends up on the physical nature of the patient.

◀ KIZHITHIRUMU ▶

Kizhithrumu treatment is very effective in curing Osteo and Rheumatoid arthritis and it is also effective in curing chronic bruises and disorders. In this method, specially prepared herbs and leaves are bundled in a cloth bag, known as Kizhi. This Kizhi is dipped into the medicated oil in consistent temperature and it is applied on the body of the patient with specific pressure. Njavara, a kind of paddy having medicinal properties is used to make Kizhies for Njavarakizhi treatment.

Nasyam

Nasyam is a method of treatment in which medicated oil is applied through nostrils. This treatment is effective in curing Sinusitis and other ENT disorders. This treatment also ensures rejuvenation of the nervous system. Since nose is the gateway of the head, this therapy is highly effective in curing a number of diseases pertaining to the head. The excess mucous accumulated in the head, throat, nose and sinuses are expelled by Nasyam. Many diseases such as migraine, facial palsy, sinusitis, impaired olfaction, tinnitus etc are also cured by Nasyam.
